

Chloe Matthews

Junior Full-Stack Engineer (TypeScript / Node.js) Atlanta, GA | (555) 234-5678 | chloe.matthews@email.com | github.com/chloematthews

Professional Summary

Ambitious Junior Full-Stack Engineer with 1.5 years of industry experience crafting robust web applications. Fully proficient in modern JavaScript/TypeScript ecosystems with hands-on enterprise knowledge of React, Next.js, and Express. Active contributor to open-source tools with a focus on code efficiency and cross-browser reliability.

Technical Capabilities

- Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL
- Frontend Frameworks:** React, Next.js, Tailwind CSS, Redux Toolkit
- Backend & Infrastructure:** Node.js, Express, REST APIs, PostgreSQL, Git

Professional Experience

Helix Software Solutions | Atlanta, GA
Associate Software Engineer | June 2025 – Present

- Collaborated in building an internal analytics platform using React and TypeScript, accelerating dashboard load speeds by 20%.
- Maintained and optimized 15+ microservices built on Node.js and Express, ensuring 99.8% server uptime during traffic peaks.
- Authored comprehensive automated unit tests utilizing Jest, successfully boosting repository coverage thresholds from 60% to 84%.

Starlight Digital Agency | Atlanta, GA
Software Engineering Intern | January 2025 – June 2025

- Engineered fully responsive, pixel-perfect user interfaces using Next.js and Tailwind CSS across 4 client web portals.
- Integrated third-party RESTful APIs and optimized client-side state models, minimizing redundant application rerenders.

Education

Institution	Degree	Graduation Date
Georgia State University	B.S. in Computer Science (Cum Laude)	Dec 2024

Certifications

- **Meta Front-End Developer Professional Certificate** — Coursera (2025)
