

Marcus Sterling

Senior Java Architect (Distributed Systems & Cloud Ecosystems) Austin, TX | (555) 678-9012 | marcus.sterling@email.com | github.com/msterling-java

Professional Summary

Expert Senior Software Engineer with 8+ years of technical leadership in high-volume backends, real-time message streaming, and distributed microservices architectures. Master of the enterprise Java ecosystem, Spring Cloud frameworks, and high-security compliance engineering. Proven champion of test automation, zero-downtime releases, and developer mentorship.

Advanced Knowledge Matrix

- **Core Ecosystem:** Java (8/11/17/21), Spring Framework, Spring Boot, Spring Cloud, Hibernate
- **Infrastructure & DevOps:** AWS (EKS, Aurora, IAM, SQS), Kubernetes, Docker, Terraform, Jenkins CI/CD
- **Distributed Systems:** Apache Kafka, Redis Enterprise, gRPC, Relational & NoSQL Architecture

Professional Experience

Matrix Financial Networks | Austin, TX

Senior Backend Architect / Staff Engineer | November 2022 – Present

- Engineered an event-driven core banking sub-ledger processing \$45M in daily transactional flows using Java 21, Spring Boot, and Apache Kafka.
- Spearheaded a complete cross-functional migration from an onshore physical matrix over to AWS EKS cloud environments via custom Terraform scripts.
- Created performance profiling guidelines with JProfiler and VisualVM, correcting critical heap allocation bottlenecks and reducing memory usage spikes by 40%.
- Provide weekly technical guidance, architectural oversight, and design reviews for an enterprise engineering team of 14 developers.

BlueStream Health Tech | Dallas, TX

Senior Software Engineer | March 2019 – October 2022

- Designed HIPAA-compliant REST APIs utilizing Spring Boot and Spring Data, supporting real-time hospital equipment status monitoring interfaces.
- Optimized multi-threaded data extraction engines, decreasing generation cycles for heavy medical analytical summaries from hours to under 3 minutes.

Education & Credentials

Issuing Body / Institution	Degree / Certificate	Date
The University of Texas at Austin	B.S. in Computer Science	May 2018

Issuing Body / Institution	Degree / Certificate	Date
VMware	Spring Certified Professional (Core Spring)	June 2023
