

Elena Rostova

Software Engineer Austin, TX | (555) 019-2834 | elena.rostova.dev@email.com | github.com/elenar-dev | linkedin.com/in/elenarostova

Professional Summary

Detail-oriented **Software Engineer** with over 2 years of professional experience specializing in front-end development. Proficient in **JavaScript** and **TypeScript**, with a deep production-level expertise in **Angular** (v14–v17). Adept at building responsive user interfaces, optimizing application performance, and collaborating within Agile teams to deliver clean, maintainable code.

Core Technical Stack

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3/Sass
- **Frameworks & Libraries:** Angular (RxJS, NgRx), RxJS, Bootstrap, Angular Material
- **Tools & Databases:** Git/GitHub, RESTful APIs, Webpack, Firebase, PostgreSQL
- **Methodologies:** Agile/Scrum, Test-Driven Development (TDD)

Professional Experience

Apex Digital Solutions | Austin, TX *Software Engineer* | March 2025 – Present

- Develop and maintain enterprise-level web applications using **Angular**, **TypeScript**, and **RxJS**, improving application loading efficiency by 25%.
- Implement state management solutions using **NgRx** to ensure predictable data flow across complex, multi-view dashboards.
- Collaborate closely with UX/UI designers to convert Figma wireframes into modular, reusable Angular components using Angular Material.
- Write comprehensive unit tests using Jasmine and Karma, increasing overall code test coverage from 65% to 88%.

PixelCraft Studios | Austin, TX *Web Developer* | June 2024 – March 2025

- Utilized **JavaScript (ES6)** and HTML/CSS to build and deploy responsive, mobile-first business websites for retail clients.
- Assisted in migrating a legacy client portal to **Angular**, gaining hands-on experience with routing, dependency injection, and data-binding.
- Troubleshoot and resolved cross-browser compatibility issues and optimized frontend assets to improve Core Web Vitals scores.
- Participated in daily stand-ups and bi-weekly sprint planning sessions within an Agile framework.

Education

Texas State University | San Marcos, TX *Bachelor of Science in Computer Science* | Graduated May 2024

- **Key Coursework:** Data Structures & Algorithms, Web Development, Software Engineering Principles.

Certifications

- **Ng-Certified Angular Developer** | Angular Training / Ultimate Angular (Issued: 2025)

Key Projects

TaskFlow: Project Management Board (Personal Project)

- Built a Trello-like project management tool using **Angular 16**, **TypeScript**, and Tailwind CSS.
- Implemented drag-and-drop functionality using Angular CDK and integrated a Firebase backend for real-time data persistence.
